

THE AFROCHAMPIONS INITIATIVE

The AfroChampions Initiative is honoured to invite you to the launch of the African Sovereign Funds Index

1 June 2018 - Marriott Hotel - Liberation road, Airport City, Accra, Ghana

The first edition of the African Sovereign Funds Index, developed by strategy consulting firm Konfidants in partnership with the AfroChampions Initiative and PG and Partners, highlights as a big challenge African governments' struggle to leverage financial resources needed to achieve the transformation of their economies. In which way could the continent's sovereign wealth funds be re-designed and refocused to help solve Africa's financing gap and accelerate economic growth? What are the proposals and actions recommended by experts, policy-makers and sovereign wealth funds' managers? Is it possible to create more synergies and efficiencies between the funds for regional actions?

Join us at the first African Sovereign Wealth Fund Summit for a high-level debate
organized under the aegis of the Vice-Presidency of the Republic of Ghana.
